

Bailey Community Garden Located at 83 Main Street Bailey, CO

Bailey Community Garden Rules

1. Garden plots are only provided to Park County residents only. Proof of residency required. Use of the garden for commercial purposes is prohibited.
2. There is a donation of produce fee to rent a plot for the season. Gardeners must be willing to donate 5% of their produce to a local agency (food bank, WIC, Grow & Give etc.) This will be tracked through the CSU Extension Grow & Give program, which will require registration and entries upon donation.
3. Gardeners must provide their own tools and seeds. The bed, frames, and two cover kit, hoses are all provided.
4. Plots are limited to one per family unit or address. Plot size is approximately 4' X 8', or 2'x8' for handicapped accessible beds and plots are assigned on a first-come, first-served basis. Gardeners who have previously gardened at the site are given first choice in selection of their beds. You can request a specific plot, but please remember that since it is a first-come, first-serve program, you may not get your first choice.
5. The County is not responsible for personal property left onsite.
6. Once open for the season, gardeners must begin working their plot within 21 days of registering. Plots that have not been cleaned and prepared for gardening may be assigned to another applicant with one notice.
7. The garden is open dawn to dusk, seven days a week.
8. Please keep pathways free of debris and equipment.
9. Newspaper is not allowed as a mulching agent/weed barrier.
10. Family members are welcome to the garden site. Please supervise young children so they don't disturb other plots.
11. Pets are not allowed in the Community Garden.
12. **Weeds and weedy vines must be removed promptly.** Pulled weeds and other plant debris should be placed in the designated compost piles. Please only place waste from the garden in the compost bins.
13. **There is no garbage service at the Community Garden.** All trash that is not organic and biodegradable must be removed from the site by the gardener (e.g. bags, seed packets, etc.).

14. CSU Master Gardeners will be hosting educational classes for participants, and the community throughout the season. Some class topics might include – seed starting, laying out your garden plot, season extenders etc.
15. Gardeners must **not** practice any horticultural technique such as fertilizing, watering, using pesticides, etc., that will in any way affect adjacent plots. Application should not occur on windy days. **The application of any herbicides is strictly forbidden.**
16. Although the gardens are not specified as "organic gardens", we encourage gardeners to consider alternatives to the use of chemical pesticides. Gardeners are strongly encouraged to cover their plot(s) with mulch as an excellent method of weed control. If you're unfamiliar with mulching techniques, contact the Community Garden Coordinator (see below).
17. Gardeners should not plant tall crops where they will shade neighboring plots.
17. Individual fencing of plots is allowed. Please keep structures less than 3 feet tall and neat in appearance. Gardeners may not store excess lumber, mesh fencing, bamboo or other materials, not needed for gardening, at their plots for aesthetic and safety reasons.
18. The gardens must be cleaned for winter no later than November 30th. This involves removing dead plants, stakes, temporary fences, jugs, personal property, trash, etc. Please keep the community gardens looking tidy throughout the year, and pick up common areas, to prevent complaints about the program.
19. Gardeners who are unable to attend their plots, will be absent for more than 7 days or have asked a friend to care for their garden should notify the Community Garden Coordinator as soon as possible (contact information is below).
20. If garden plots are not maintained a notice will be sent to the gardener. The CSU Extension Office reserves the right to till or mow and reassign the plot if corrective action is not taken within the time specified in the notice.
21. Crops should be harvested when they are mature. Plot holders may not harvest crops from plots other than the one they are assigned.
22. Plots may not be transferred without permission of the Community Garden Coordinator (see contact information below).
23. Use of power garden equipment (tillers, etc.) is allowed, but is restricted to the hours of 8:00 a.m. until 6:00 p.m.
24. The use of poisons, firearms, lethal traps or similar dangerous methods to control pests in the garden is strictly prohibited.
25. Sale of garden products on-site is prohibited.
26. No amplified music, radios or other sound devices please.

The penalty for failing to comply with the Bailey Community Garden Rules may be immediate cancellation of your privilege to use the Community Garden.
